## DEFENSE ACCEPTS 12 TALESMEN AS FINAL ONCE THIS AFTERNOON

But After Almost an Hour's Confer-  
ence Prosecution Challenges D. O.  
Alter Without Cause.

IT MAY BE OBTAINED TODAY

If It Isn't Examination Will Not be  
Continued Saturday—Term  
Will be Closed.

ONLY SIX TALESMEN LEFT

State Injects New Question Today in  
Learning Prospective Jurors'  
Connections.

### BULLETIN.

Court adjourned at four o'clock  
without a jury being selected.

At 2:50 o'clock this afternoon the  
defense accepted the twelve men in  
the box to hear the case of the State  
against Paul Harris, who is charged  
with murdering his mother.

The State's attorneys retired to de-  
cide the course to pursue. They were  
out until 3:35, and an air of sup-  
pressed excitement was apparent in  
the court room. The question as to  
whether a final jury should be se-  
lected rested with the prosecution.

Judge Blair finally stirred up the  
State's attorneys and asked them  
when they would be ready to an-  
nounce their decision. The jury was  
called in and the State challenged  
David O. Alter of Orange township.  
Henry O. Frazee of this township  
was called in his place and the exam-  
ination was started again.

If a jury is not selected yet this  
afternoon, the examination of tales-  
men will not be continued tomorrow.  
The twelve talesmen will be called  
back in the morning so that the court  
record may show the case pending  
took a part of the day, and it will  
then be continued until Monday.

This plan will be adopted so the  
business of this term may be brought  
to a close and everything will be in  
readiness for the opening of court  
next September. All of the Harris  
case heard after Saturday will be on  
Shelby circuit court's time.

If a jury were finally selected this  
afternoon it was anticipated the  
opening statements would be made by  
one attorney for each side and the  
examination of witnesses would be  
started when that was concluded. In  
this event, the case will likely be  
continued all day tomorrow.

At three o'clock this afternoon,  
when the jury was accepted by the  
defense and the State's attorneys  
retired to confer, there were seven  
talesmen left on which to draw. A  
total of seventy-two have been in the  
jury box, but some of them have been  
excused on account of their sickness  
or illness in their family, and for  
reasons other than challenges by the  
attorneys.

Both the State and the defense used  
up a number of their peremptory  
challenges today. At the afternoon  
intermission the defense had eight  
left and the State, eight.

### Injects New Question.

The State today injected a new  
question into its list in examining  
talesmen for jury service. Practic-  
ally every one which took a seat in  
the jury box was asked the examina-  
tion by the State if he had talked to  
counsel for the defense in the case.

One talesman said he had talked  
to counsel for the defense a week  
ago, but on the next question he  
answered he could not give the de-  
fendant a fair and impartial trial and  
he was hurriedly challenged and ex-  
cused.

When this new question was in-  
cluded by the State, the defense re-

doubled its efforts in attempting to  
ascertain if the talesmen had been  
talked to by the coroner, sheriff,  
prosecutor or any of his deputies.  
Convened at 1:50.

There were twelve talesmen left  
after the noon hour when court con-  
vened at 1:50 o'clock.

Alba Hodge, called just before the  
noon intermission, was excused by  
the court on account of ill health.

Henry M. Robbins, Posey, said he  
had formed an opinion, but had never  
expressed it.

E. K. Adams of the State asked a  
question in which "reasonable doubt"  
was used. The talesman asked what  
that meant. Mr. Adams attempted to  
explain the term. Mr. Spann of the  
defense made a remark and Mr. Ad-  
ams asked Mr. Spann if he cared to  
explain what "reasonable doubt" is.  
He replied he did not.

During the examination by the  
State, the fact was developed that  
the talesman had talked to Coroner  
Shauck. Regardless of the opinion  
he had expressed, based partly on  
what the coroner had told him, the  
talesman said he could render a fair  
and impartial verdict.

The defense challenged the tales-  
man for cause, because he had formed  
his opinion partly on conversation  
with the coroner. The State objected  
but the challenge was finally sustain-  
ed by the court.

### Defective Hearing.

Thomas A. Jones, Walker, said he  
did not want to shirk his duty but  
that his hearing was defective. After  
some argument he was excused by  
the agreement of both sides.

D. O. Alter, Orange, said he had  
formed no opinion, and was passed  
by the defense and the jury was  
passed to the State.

The State passed Mr. Alter and  
the State reverted back to Lewis  
Eiken, Washington, who was a mem-  
ber of the regular panel and who has  
been in the box since the case began.  
He said he could not convict as  
quickly on circumstantial evidence as  
he could on "straight" evidence. Al-  
though he said his opinion would  
yield, he was challenged peremptor-  
ially by the State.

### Has a Sick Boy.

Roscoe Lafforge, Richland, has a  
sick boy, and he was excused by the  
court for this reason.

Rue Miller, Walker, said he had  
formed an opinion, but he was ac-  
cepted, by the State and the jury  
was passed to the defense.

This talesman was accepted by  
the defense.

"The defendant accepts the jury  
as it now stands," said Mr. Spann of  
the defense.

The State's attorneys retired to  
confer at 2:50 o'clock.

### Leroy Jones Challenged.

After an intermission of thirty  
minutes, from 10:30 to 11:00 o'clock  
court was started and Leroy Jones  
was challenged peremptorily by the  
State.

Julius Miller, Center, declared he  
had an opinion, but that he would be  
governed wholly by the law and the  
evidence. He was passed by both  
State and defense.

Samuel Addison was next per-  
emptorily challenged by the defense  
and W. P. King, Noble, was called.  
He was passed by the defense after  
a few questions.

He was passed by the state after  
a number of questions and the State  
reverted back to John Webb, who  
was challenged for cause because he  
said he could not convict on circum-  
stantial evidence under any condi-  
tion.

Lot Holman, Noble, was challenged  
for cause by the State because he  
said his opinion would be hard to  
eradicate. The defense asked a few

## THREE CORNERED FIGHT DEVELOPS

Attorneys Oppose Each Other in Ar-  
gument For New Trial in  
Herkless-Keller Case.

BARRETT AND YOUNG SPLIT

Young Says he Would Have Won the  
Case if City Had Done its  
Part.

Judge Blair heard the argument  
last night for a new trial in the da-  
mage suit of Herkless against the Ju-  
lius Keller Construction company and  
the city of Rushville. The court took  
the matter under advisement. The  
case was tried this term of court and  
Herkless was given something like  
\$2350 damages.

The argument for a new trial re-  
solved into a three cornered fight and  
at time the conversation became  
heated. Will M. Sparks and A. L.  
Gary represented the plaintiff, George  
Young the Kellers, and Howard Bar-  
rett, the city of Rushville. Young  
and Barrett did not act together. Two  
separate motions, one from Young,  
and the other from Barrett, asking  
for a new trial were filed several days  
ago.

In his motion Mr. Barrett stated  
that Mr. Sparks had come to him and  
said, "We are not claiming anything  
as against the city; we are not going  
to insist on anything as against  
you. We had to make the city a party,  
so as to get jurisdiction in this  
county." Mr. Barrett claimed that  
because he had been told this he did  
not expect the city would be drawn  
into the case and had not prepared  
his case.

Judge Sparks filed a general denial  
to the charges of Mr. Barrett. In his  
motion it is set forth that nothing  
was ever said to Mr. Barrett along  
this line.

George Young told the court, the  
Kellers should have a new trial be-  
cause it was by the inactivity of the  
city attorney that a judgment was  
returned. Mr. Young held that if  
the city of Rushville had fought the  
case and done their share, Herkless  
would not have gotten damages. He  
accused Mr. Barrett of "laying down  
on him" and not taking any part in  
the case whatever. He asserts that  
the city never called a single wit-  
ness.

## UNWRITTEN LAW IN CIRCUIT COURT

Defense Always Sits on East Side of  
Room and Opponents on  
Other Side.

CUSTOM FOLLOWED FOR YEARS

There seems to be an unwritten  
law in the Rush circuit court that at-  
torneys for the defense in any trial  
shall occupy one certain side of the  
room and the opposing attorneys the  
other side of the room. Since time  
immemorial attorneys say the de-  
fense has always sat on the east  
side of the court room and the plain-  
tiff or State on the west side. The  
other day Judge Blair remarked what  
a strange thing it was that such a  
custom was followed. He said he  
had not observed such a thing in any  
court where he had ever practiced  
law.

## FARMERS BUSY PLANTING CORN

Predicted That End of This Week  
Will See Most of it in the  
Ground.

WEATHER IS IDEAL FOR IT

Belief is Expressed That Crop Will  
Not be Damaged by Late  
Start.

Are Rush county farmers stick-  
ing the corn in the ground this week?

If settled weather continues until  
Saturday night there will be as corn  
ground worth speaking of left un-  
planted in this locality.

The last three or four days have  
been precisely what the farmers have  
been wanting and they have been  
making the most of it.

No eight-hour days have gone on  
the farms this week. Not much. The  
farmer has been getting in at least  
twelve hours. Several of them have  
done better than that. There are a  
good many quarter-sections of land  
in Rush county on which plows,  
harrows and corn planters have op-  
erated by daylight this week.

A fairly accurate idea of how busy  
the farmers are is revealed by in-  
quiry among the local merchants.  
They say there has been less country  
trade in Rushville this week than at  
any time before in the last year. A  
local business man who does an  
agency work among farmers said to-  
day, "It's no use trying to do any  
business with Rush county farm-  
ers these days. Why, they not only  
will not become interested in any  
proposition you make them, they will  
not even stop work long enough to  
talk to you. They just laugh at you  
and go right ahead with their corn-  
planting."

Among the farmers generally there  
is a feeling of hopefulness over the  
outlook for a corn crop. They say  
that corn planted in Rush county  
no later than the 25th of May ought  
to do well. They believe that if the  
season is reasonably good from now  
on the Rush county corn crop will be  
all right. In a few cases farmers  
who planted some of their fields a  
couple of weeks ago, just before the  
last spell of cold rainy weather came  
on, are planting over. The grain did  
not sprout, simply laid in the cold,  
damp ground and rotted.

It is said that several Rush county  
farmers are planning to buy steam-  
propelled gang plows next year. They  
have found out that the devices are  
practical, that they do the work  
many times quicker than the regula-  
tion horse-drawn plows and that  
they give the farmer a material ad-  
vantage over the weather, enabling  
him to make short work of his break-  
ing whenever he can find a few days  
when the ground is fit to work.

The advent of the gang plow would  
mean larger fields in Rush county.  
The larger the field, the most satis-  
factory is the operation of a gang  
plow, for it means less time lost in  
turning. It also means freedom of  
fields from stumps and rocks, for, of  
course, gang plows can not be operat-  
ed successfully in ground that is  
clogged with obstruction. The plow  
must not hit anything when it is be-  
ing pulled by a traction engine.

### AGENT DISAPPEARS.

Morristown Sun: Charles Clark,  
who has served as agent at the C. H.  
& D. station, left the community on  
short notice last Wednesday. Family  
troubles and hard drinking is suppos-  
ed to be the cause of his downfall.  
His wife sold the household goods  
and she and her daughter, Beulah,  
have gone to live with her people.

## TOOK BOYS TO PLAINFIELD

Verl Bebout Left With Carl Walker  
and Roy Linscott.

The final chapter of the Carthage  
tragedy of February 28 in which  
Howard McDaniel was killed, was en-  
acted today when Carl Walker and  
Roy Linscott were taken to Plain-  
field by Verl Bebout. The boys were  
found guilty of incorrigibility by  
Judge Blair in juvenile court Tues-  
day and were given until today to get  
ready for the trip. No one had been  
sent from Rush county to the reform  
school at Plainfield for a long time.

## CATTLEMEN COME FOR BIG AUCTION

Several Arrive Early From Muncie  
Where They Attended Jersey  
Cattle Sale Thursday.

TO BE ENTERTAINED TONIGHT

Jersey cattlemen began to arrive  
yesterday evening for the eighth an-  
nual importation sale of Jerseys "of  
the correct type" which will be held  
Saturday at the Jersey Isle stock  
farm four miles west of Rushville. A.  
P. Walker was busy yesterday after-  
noon and evening meeting incoming  
trains to take care of the visiting  
stockmen and prepare for their en-  
tertainment. Many of the early ar-  
rivals came from Muncie where they  
attended the annual Jersey sale on  
the farm of J. R. Retherford near  
that City. The majority of the buy-  
ers were expected to arrive today.  
Mr. Walker will entertain the visitors  
at the Social club rooms. The local  
invitations will have to be restricted  
to club members on account of the  
rules of the club.

## CLARKSBURG IS AFTER EXTENSION

Merchants Here For Conference With  
Charles L. Henry, Regarding  
Proposed Route.

WANT LINE FOR THEIR TOWN

A party of Clarksburg men com-  
posed of Dr. C. M. Beall, A. C. Doles,  
James B. Clark, A. C. Schumm, Jacob  
Emmert, Clint Emmert, George L.  
Dobyns, George Wirt and M. E. New-  
house, were here yesterday for a  
conference with Charles L. Henry,  
president of the I. & C.

The purpose of their visit was to  
get the traction officials to consider  
a route from this city to Brookville,  
so as to go through Clarksburg. It  
is not known what Mr. Henry told  
them. Clarksburg is desirous of a  
railway of some kind and has been  
trying for years to secure one. As it  
is located at present it is practical-  
ly isolated as the closest railroad is  
about six miles distant. It is under-  
stood the town will make one more  
desperate effort before giving up  
hope.

This will make four different  
routes which will have to be gone  
over by the officials, providing the  
traction company considers the propo-  
sition made by the Clarksburg men

### WEATHER.

day in north portion. Cooler tonight.

## DEMOCRATS WILL MEET SATURDAY

County Ticket Will be Nominated at  
Coliseum in the City  
Park.

245 DELEGATES TO HAVE SEATS

Nominations Will be Unanimous With  
Two Exceptions Where There  
Are Two Candidates.

The Democrats of Rush county will  
meet in convention here tomorrow in  
the coliseum in the city park to nomi-  
nate a county ticket for the election  
next November.

Two hundred and forty-five dele-  
gates will have seats in the conven-  
tion, making a hundred and twenty-  
three necessary for the nomination  
of any candidate.

The convention will be called to or-  
der at ten o'clock Saturday morning  
by Samuel L. Trabue county chair-  
man. The morning session will be  
very short and will be devoted mainly  
to effecting an organization and at-  
tending to the preliminary business  
of the convention.

The nominations will not be made  
and the reports of the committees  
will not be heard until the afternoon  
session. Following the morning ses-  
sion the delegates will meet by town-  
ships and select their representatives  
on the three committees, resolutions,  
credentials and order of business.

The townships will hold their  
meetings in various law offices and  
in the court house. Before the after-  
noon session the committees so se-  
lected will meet and transact their  
business and be ready to report the  
first thing after dinner.

It is not anticipated at this time  
that any close finishes will be made  
in the nomination of candidates, as  
there are only two offices in which a  
race has developed. There is no as-  
surance that a full county ticket will  
be nominated as no Democrat has  
made public announcement of his  
candidacy for the coroner's nomi-  
nation.

For the auditor's nomination and  
that of commissioner of the northern  
district two men aspire, but for all  
other offices there is only one candi-  
date.

Will Dill and Allen R. Holden both  
of this city seek the auditor's nom-  
ination and Ed L. Aiken of Washing-  
ton township and John Siler of Ripley  
township will be the opponents for  
the northern district commissioner's  
nomination.

O. C. Norris of this city is the only  
Democrat who wants to make the  
race for the State legislature. Mr.  
Norris is a member of the city coun-  
cil, elected on the Democratic ticket.

William M. McBride of this city,  
elected county treasurer two years  
ago on the Democratic ticket, seeks  
renomination at the hands of his  
party, and he is unopposed. He and  
Adolphus Cameron of Anderson  
township, the present surveyor, who  
is the only candidate for the nomi-  
nation this time, are the only Demo-  
crats who have been elected to a  
county office here in thirty years.

Arie M. Taylor of Anderson town-  
ship, a school teacher, is the only  
aspirant for the nomination for clerk  
of the circuit court.

Voorhees Cavitt of Jackson town-  
ship is unopposed in the nomination  
for sheriff. William T. Moore of  
Richland township, is alone in his  
desire to have the nomination for  
commissioner of the southern dis-  
trict.

Donald Smith of this city is a can-  
didate for the Democratic nomi-  
nation for prosecutor of the Rush-  
Shelby judicial district, but this se-  
lection will be made at the Demo-  
cratic judicial convention.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Director of Even- ing Department, The Moody Bible In- stitute of Chicago.)

LESSON FOR MAY 26.

TRUTHFULNESS.

LESSON TEXT—Matt. 5:33-37; James 3:1-12.

GOLDEN TEXT—"Putting away false- hood, speak ye truth each man with his neighbor; for we are members one of another."—Eph. 4:25.

In this lesson Jesus makes a still further application, or rather gives us another illustration of the righteous- ness of his new kingdom, which must be greater than that taught by the Pharisees. We have studied the sac- red relations of the righteous life, now we are to consider the matter of truth. We have first a paragraph from Jesus, then an ethical teaching and ap- plication from the writings of James the apostle.

Under the old law men swore by heaven which is God's throne, by the earth which is his footstool, by Jeru- salem which was his peculiar chosen city. They swore by the head and yet they could not change one hair white or black. Jesus contrasts all of this with his new kingdom in which absolute simple veracity in our speech is all that is to be required. This makes all oaths profane. When- men live in these new relations, with this new consciousness of God they will speak the truth naturally and of necessity. To such there will be no need for any form of speech or oath, for the simplest, plainest speech will be the only necessary and the alto- gether satisfactory medium of giving and of creating assurance. How about oaths in court? Jesus is speaking to the members of his new kingdom. Be- tween them yea and nay is sufficient, but as between them and others we must adjust ourselves and therefore we do not read into this any admon- tion not to take an oath in court.

Should Be Swift to Hear.

Truthfulness. Matt. 5:33-37; Jas. 3:1-12; v. 12.

Golden Text—Putting away false- hood, speak ye truth each man with his neighbor, for we are members one of another. Eph. 4:25.

(1.) Verses 33-36—What is the Old Testament law concerning oaths? (See Ex. 23:7; Lev. 19:12; Num. 30:2; Deut. 23:1.)

(2.) What right had Jesus to change any Bible law?

(3.) Why are not judicial oaths wrong under this new law laid down by Jesus?

(4.) What are the evils of the com- mon oaths of conversation?

(5.) Many men take God's name in vain habitually without any thought of God. What is the moral quality of such a habit?

(6.) Does it or not, and why, add force

turn to a paragraph from the Epistle of James which has its peculiar value and interest as showing the difficulty of mastering the tongue. In the church of Christ there must of neces- sity be a great many more disciples (learners) than teachers. Every man should be swift to hear, but the pos-

to a man's statement if it is backed up by strong language in any way resem- bling swearing?

(7.) Verse 37—What rule should we adopt as to the use of words in buying or selling?

(8.) What does Jesus actually mean by "let your communication be yea, yea; nay, nay?" (See Matt. 23:36-37.)

(9.) According to the thought of Jesus here expressed, what evil does using many words tend to?

(10.) Jas. 3:1-2—Of two persons, one very talkative and the other careful in speech, which is likely to be the more truthful, and why?

(11.) What are the attending evils of untruthfulness?

(12.) Is an untruth ever justifiable? Give your reasons.

(13.) What responsibilities do "mas- ters" or teachers take upon them more than others?

(14.) Verses 3-6—If a man never of- fends in word, in what other way is he liable to offend?

(15.) If a man controls his tongue, does he thereby control his entire na- ture? Why?

(16.) What evil and what good can the tongue do?

(17.) What power is it that causes the wagging of an evil tongue?

(18.) Verses 7-10—What is the only power which can turn an evil tongue into a good one?

(19.) Why is it that the same tongue sometimes curses and at other times blesses?

(20.) Verses 11-12—If a person's tongue is vile, is it or not, and why, possible for that person at the same time to be the reconciled child of God?

(21.) Will a true Christian ever speak evil of a neighbor or tell an untruth? Give your reason. (This is one of the questions which may be answered in writing by members of the club.)

(22.) Jas. 3:12—When a man swears to back up a statement, what is the effect upon himself, and how is he generally regarded by those to whom he is speaking and by God?

Lesson for Sunday, June 2, 1912. Hypocrisy and Sincerity. Matt. 23:1-18.

tion of teacher carries with it such a burden of responsibility that no one should audaciously assume it, see Eph. 4:11, etc. With this responsi- bility is also a correspondingly heavier judgment if we stumble. He that stumbles not in teaching, in the use of his tongue, is indeed a perfect man and one that is able to bridle the whole body; to guide the ship of life, of state, and of the church, amidst the fiercest storms.

"The tongue is a fire." It is in- deed for it inflames with anger the whole body, the family, society and the nation. History is ablaze with the conflagrations that are a consequence of untimely words and of unbridled tongues, Prov. 15:1, etc. The tongue giving utterance to the thoughts of the heart (for out of the abundance of the heart it speaks), will inflame lust, wither purity and consume strength. It fires jealousy and burns the sweet bonds of friendship. It will sever the ties of home, burn away the founda- tions of character, of commercial in- tegrity, social purity and destroy the bonds of civic righteousness. It is indeed "a world of iniquity among our members." Let us quote from Dr. R. A. Torrey: "The fires of hell are kindled by idle words that set men thinking wrong about God and sin and Christ and the Bible. Men usually careful in handling fire are careless about the tongue. Whence come the words that inflame the imagination and the passions? Whence come the words that undermine faith and the credibility of the Bible? If any man question James' words that 'the tongue can no man tame' he has evidently never tried it himself." This does not mean, however, that the tongue can not be tamed, for what is impossible with man is possible with God. James draws a frightful picture of the un- tamed tongue and of its evil conse- quences.

Profane Men Classified.

"These things ought not to be." No more can a fountain yield fresh and salt water at one and the same time, or a fig tree yield olives, than for a Christian to bless God and with the same tongue curse his fellow men. Not only is it unkind but it is un- Christlike. Sarcasm means literally "to tear flesh like dogs," the char- ooter's whip tore the flesh, so we use the tongue as a lash, biting the sen- sitive spirits of men; verily these things "ought not to be." Phillips Brooks said, "Tell me the words a man uses and reproduce his tone of voice and I'll tell what sort of man he is."

It is a literal fact that the truthful man is he who usually exemplifies all other virtues and we cannot em- phasize too strongly that no gentle- man swears. Profane men are of three classes; those who are thought- less, those who are ignorant of lan- guage and have a paucity of expres- sions at their command, and those who use profanity to emphasize a lie, and generally the greater the lie the more and stronger the oaths. We must not forget, however, that by our sil- ence we may bear false witness and that a positive obligation rests upon us to speak words of praise.

The COURIER

A 30 hp. ball-bearing car, with self-starter, fully equipped

\$1150

In purchasing your car, you regard certain fea- tures as essential. For instance, you want a re- liable, serviceable car, made by a responsible concern, full equipment, self-starter, a quiet motor, strong brakes, long wheelbase and springs, and last—but not least—a roomy, comfortable body with pleasing lines, deep upholstery and serviceable color. The Courier is the only car showing every one of these important specifications at anywhere near the Courier price.

It is well made—at the automobile shows it received high praise from the technical experts. That satisfies you, just as you value opinions of authorities in all lines. Compare the Courier with cars of its size, regard- less of price, and you will see that its equals are far more expensive.

It is built and guaranteed by the United States Motor Company.

There is full equipment. Mohair top, boot and cur- tains; windshield; gas and oil lamps, gas tank; tools, etc. Nothing else is needed. And a self starter—you can run on its gas if yours is used up. The motor is quiet and efficient, plenty of power, is well made and will give steady and satisfactory service. There are four large brakes, all acting directly upon the rear wheels. Courier cars throughout are strongly built—they'll take care of the "unexpected."

You must take a long ride in the Courier—not on city streets. We will gladly take you out into the country where you'll see how easy it rides. The Courier Roadster sells for \$1120. All prices f.o.b. Detroit. Telephone or write us your address, right away.

### MARINES DISPATCHED TO CUBA

In Addition to That, Two Gunboats Have Been Ordered to Stand by in Case It Should Be Found That the Present Uprising Is Threatening American Interests on the Chronically Disturbed Island.

Washington, May 24.—The United States government, alarmed at the growing seriousness of the negro revolt in Cuba, is sending 700 marines to the naval base at Guantanamo. The marines got away from the Philadelphia navy yard last evening in command of Colonel Lincoln Carmany. The entire force should be landed at Guantanamo bay not later than Monday.

Besides the marines on the transport Prairie the gunboats Paducah and Nashville were also ordered to Guantanamo. The Paducah is now surveying off the eastern coast of Cuba and the Nashville is at Santo Domingo City. Both vessels were directed to proceed at once to Guantanamo and await there the arrival of the Prairie. State department officials declared that the expedition was not to be regarded as an intervention or even an occupation in Cuba. The force, it was said, is being sent to provide further assurance that American life and property will be protected during the disturbances.

According to the orders under which Colonel Carmany's force is leaving, he will not move his men beyond the limits of the United States naval station at Guantanamo without authorization from Washington. It is said that the marines will be kept at Guantanamo for use only in case of emergency. It is proposed to place them at the disposal of Minister Beaupre, to be disposed of as he sees fit for protecting American life and property.

The latest reports received in Washington were slightly more encouraging than previous dispatches which brought about the decision to send a force to Guantanamo. Both the war and state departments are being kept in close touch with the situation throughout the islands by their representatives in Cuba. Later dispatches indicated that the Cuban government, caught unawares and hampered at first by failure to realize the significance of the revolt, is now bestirring itself and seems likely to restore order shortly. Though professing absolute confidence in their ability to suppress promptly the negro uprising, the government officials of the highest rank are privately disclosing apprehension now that the extent of the negro organization is revealed.

### PRAISES LAWTON

General Miles Tells Indiana Odd Fellows of Their Late Brother's Worth.

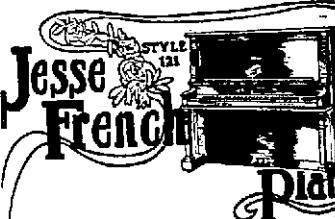

Indianapolis, May 24.—General Nelson A. Miles, U. S. A., retired, was the chief speaker at the closing session of the grand lodge of Odd Fellows of Indiana. General Miles took occasion to pay high tribute to General Henry W. Lawton, the Indiana soldier, who served under General Miles's command and later gave his life for his country while fighting in the Philippines. General Miles praised General Lawton as a splendid type of Odd Fellow, and said that during his many years' experience as a soldier, many Odd Fellows had distinguished themselves on the fields of battle and had given their lives for their country.

General Miles was here to attend the public meeting in the grand lodge room of the Odd Fellows' building, where a local branch of the patriotic order the Guardians of Liberty, was organized. The general is one of the chief organizers of this order, which he says is for the purpose of perpetuating the institutions of the United States, of defending the constitution and of encouraging patriotism.

Tipton, Ind., May 24.—Charles Kenneberger, twenty-two years old, of Palmer, was drowned while swimming in a lake near South Bend. He got beyond his depth and before assistance could reach him he was drowned. He was a nephew of the Rev. A. Kenneberger of this city. The boy was one of the best known students at Notre Dame.

**Bulldog Attacks Man.**  
Lawrenceburg, Ind., May 24.—A bulldog belonging to William Emerson, a contractor, attacked Jacob Rief, aged seventy-three, when he was returning from the meat market with a beef roast in his hand. The vicious animal knocked Rief to the pavement and bit him several times on the legs. The dog was killed.

SWAT THE FLY!

Clenliness is next to godliness, and self preservation is the first law of nature. Therefore swat the fly!

Party Telephones.

Telephone users in Rushville are like telephone users everywhere, just like the people of Rushville are like humanity in general. When we order a telephone placed in our houses we naturally prefer an independent line to the "party line." Sometimes, however, we are forced to accept the "party line," either because it is less expensive or the telephone company can not supply us with an independent line, owing to the location of our place of residence.  
When we have the "party line" it annoys us greatly to have somebody else on the same line break in while we are talking. And it also annoys us when we take up the receiver to call a number and find that somebody else is on the line. Perhaps the conversation, a portion of which we are sure to hear, is frivolous discussion or silly gossip while what we desire to talk about is of urgent importance.  
Now frivolous discussions and silly gossip may not be very good form at any time, but, nevertheless, there probably will always be frivolous discussions and silly gossip. But such things over telephone wires are not only annoying on occasions, but sometimes are exceedingly serious.  
A most striking instance of human foolishness and indifference to others is told in a Chicago dispatch. Such things as gossiping over a "party line," contributed to the agony of a little girl who had been run over and horribly mangled by an auto-truck. These women refused to cease their silly conversation over the telephone to permit a call for an ambulance. If you would know what silly gossiping over the "party line" may sometimes mean to others on the same line, con-

sider the story of the Chicago woman who indignantly replied when asked to give way for the ambulance call, "Get off the line. I'm using this wire now."

Neighborhood Garden.

In spite of high cost of living, there are still plenty of ways to save money by people who are not ashamed of thrifty ways. The back yard garden is a perfectly evident economy—if you do your own work on it.  
Almost any well tended garden, in even a tiny yard, if well cared for, yields more vegetables than one family needs. Why should not half a dozen neighbors club together and run one garden patch for all of them, taking turns at hoeing and weeding? Almost any man ought to be willing to spend a couple of hours a day for a week, if for five weeks thereafter the other fellows were taking their turns.  
The tendency of medical opinion today favors freer use of vegetables in spring and summer, with less meat. The saving of such a garden as suggested would not be merely in the smaller bill from the vegetable market, but the constant access to a supply of fresh vegetables would save on your butcher's bill, too.

The state house democrats are finding that their plan of an "economic administration" is not working out as satisfactory in practice as in theory. Before they were entrusted with the affairs of the State they told the voters how various methods could be inaugurated which would save the people large sums of money, but now it is with difficulty that they can get enough money collected, even from the advanced payments of the county treasurer, to keep the state from becoming bankrupt. During the republican administrations the state debt was reduced and all the departments were in splendid condition but the present administration has inaugurated so many "economic methods" that made under democratic control. The democrats a fair trial, and their much talked of methods have been weighed voters of Indiana have given the finances of the state are in a serious condition and it will take years to overcome the losses which have been and found wanting in efficiency.

Don't be alarmed if you see the children rolling around in the backyard on their ears, elbows and noses. They are probably only practicing "folk dancing."  
It was a great victory over the operators when the public won the chance to pay more for coal.  
The difficulty which the most intelligent citizens have in marking a ballot correctly is so great that they should take their children along to help them vote.  
Those New York women who invited dogs to be their guests at luncheon perhaps thought they had

Hallelujah! exclaims the Marion Chronicle. B. Dud Foulke has been knighted. While at Richmond Monday President Taft dubbed him "colonel." The title, however, is too insignificant for the valiant veteran of many a hard fought battle with the Wayne county taxing authorities, who have on more than one occasion persecuted this tribune of the people by compelling him to pay tribute to the public treasury on the unearned fortune which makes B. Dud such a plutocrat that he is inclined to despise himself. B. Dud should be raised to the rank of duchess, at least.

TO LOVERS OF GOOD COFFEE

We have just installed a new electric coffee mill in our store. This machine is equipped with steel knives which cut the berry in uniform particles instead of grinding or crushing as by the old way. By this process the little oil cells remain unbroken, the oil does not evaporate and the coffee retains it's fine, rich flavor. This is one reason why a pound of coffee cut on our mill make from 5 to 10 cups more coffee than when ground the old way. We can also pulverize the coffee, making it adaptable for percolation or drip coffee pots.

## ACCEPTS 12 TALESMEN AS FINAL ONCE TODAY

Continued from page one.

questions and the challenge was sustained.

The court asked Mr. Holman if he was sure he had been summoned last night and Mr. Holman said he was. Judge Blair called the sheriff, talked with him a minute, and excused the talesman.

**Delay in Starting.**

Miss Roberta Harris of Columbus, Ohio, formerly a teacher in the Rushville public schools, and L. B. Harris were the only relatives seated with the defendant when court opened this morning. Miss Harris is a sister of L. B. Harris.

Paul was in as good spirits as ever this morning. He still retains his healthy color which he gained from rigorous work in the open air.

Court was not started until 9:10 o'clock and Charles Davis, Anderson, who was called before adjournment yesterday, said he had not talked to a witness before the coroner or the grand jury in this case so far as he knew.

E. K. Adams of the State became more specific and asked the talesman if he had conversed with either of his brothers, Robert S. or John Davis of this city. He said he had, but that he did not know they had testified in any inquiry. He said they had never expressed an opinion in his presence, but that he had formed an opinion based on newspaper accounts and talk with his brothers who were witnesses.

Mr. Davis was challenged by the State because his opinion was predicated partly on conversation with his brother. The defense objected. Henry Spamm said since the witness said his brothers did not purport to give him any facts of the case or their testimony, he was a competent juror. Judge Blair asked the talesman several questions, and sustained the objection.

**State Passes Jury.**

The State passed the jury when its challenge was overruled, and after a brief conference, the defense challenged Joseph Green peremptorily.

J. L. Hayes, Washington, was accepted by the defense after a few questions and the jury was passed to the State.

The States attorneys asked Mr. Hayes if he had not said in the presence of counsel for the prosecution, that the State could challenge him for the defense would allow him to sit. He admitted that he had. The talesman denied he had talked to John A. Tittsworth of the defense this morning, but had conversed with him on the street a week ago.

"Could you render a fair and impartial verdict in this case?" asked Mr. Adams.

"No sir," said Mr. Hayes without any hesitation.

"We challenge the juror for cause" said Mr. Adams.

"Sustained," said the court.

W. A. Alexander, Rushville township, was challenged by the State for cause and excused by the court. He said he was a witness before the grand jury in this case and had talked to persons he knew were witnesses. He said he had talked to the defendant and his father. The State challenged Mr. Alexander for cause and it was sustained.

O. E. Rich, Center, was passed by the State after a number of questions. He had an opinion which would yield to evidence and he declared he held no bias against circumstantial evidence or the testimony of a colored person.

**Another Bluff.**

"Pass the jury," said Adams of the State.

"Pass it right back," answered Spamm of the defense.

"Are you ready for the jury to be sworn?" asked Judge Blair.

Then the State challenged Charles Davis peremptorily, their challenge for cause having been overruled about an hour before this.

Joseph M. Eskew, Washington, said he understood a defendant could be convicted on circumstantial evidence alone, and that he would vote for conviction, if it were proved to him beyond a reasonable doubt.

The State used up another peremptory challenge by excusing Eskew, and Morton Hinchman, Union, was called and said his opinion would influence him in making up his verdict. Mr. Hinchman was challenged for cause by the State when he de-

clared he could not give a fair and impartial trial.

**Had Opinion.**

R. E. Henley, Ripley, asserted he had an opinion and that it would require direct evidence. He said he could not give the defendant a fair trial and was challenged for cause.

In being examined by Mr. Watson of the defense Mr. Henley said he could try the case on the evidence alone. The defense thought him a competent juror. After being examined by the State again the challenge was sustained and he was excused.

Leroy Jones, Noble, declared he could give a fair trial on the law and evidence, disregarding his opinion, and that he could convict on circumstantial evidence alone.

Mr. Jones was accepted and the jury was passed to the State. The jury had no more than reached its new home than it was hurled right back by the State. The State asked for an intermission. It was granted.

Eight talesmen were examined late yesterday afternoon and only two of the number were allowed to remain.

August Coers, Orange, stated he was not prejudiced against the testimony of a colored man. Mr. Coers had formed an opinion but said this could be changed by evidence. He told the court he had known Ed. F. Adams for about 15 years, but had had no business transaction with him. He was challenged for cause by the defense but it was overruled by Judge Blair. He stated he was prejudiced against circumstantial evidence and was excused on preemptory challenge by defense.

Warren W. Robbins, Posey, stated in answer to John Tittsworth that he had talked to Coroner Shamus about the case about two weeks ago. Mr. Robbins said he had formed an opinion but his talk with the coroner, so he said, would not influence his verdict. Mr. Robbins was challenged by the defense and excused.

Rufus Rhodes, Jackson, stated he was slightly related to the Harrises, but only knew L. B. and Paul by sight. Mr. Rhodes told the court his wife's cousin married an aunt of Paul Harris. He had expressed his opinion six or seven times, he said.

Fred Lightfoot, Washington, was challenged by State peremptorily.

William Booth, Rushville, formerly of Anderson, was passed by the State. The defense challenged Mr. Booth and he was excused.

Walter S. Heeb, Union, stated he was only ready to convict if the evidence was direct. He was opposed to circumstantial evidence. Mr. Heeb was challenged for cause by the State and excused.

Elmer E. Ellison, Jackson, had formed an opinion which he stated would have final hearing on his verdict if chosen a juror. "I do not believe in circumstantial evidence" said Mr. Ellison, and would not convict in any case on that kind of evidence. He was excused when the State challenged.

John S. Heeb, Noble, said he could not give a fair trial unless it was on direct evidence.

Peter Sattler, Ripley, stated he had formed an opinion and had expressed it freely, only at home. He said his opinion would yield to the evidence, no matter how strong. His opinion might be. Mr. Sattler was inclined to discredit circumstantial evidence and did not believe he could give a fair trial. "I could never convict on circumstantial evidence," he said. He was challenged for cause by the State and excused.

Ad. V. Spivey, who underwent an operation for gall stones at the Sexton sanatorium recently, is improving rapidly and his recovery is predicted.

All members of Mimosa Tribe of Red Men at Arlington are requested to attend the funeral of McClelland McDaniel tomorrow afternoon in the Arlington Christian church.

J. P. Stech, Carl F. Crews and Walter A. Smith have been appointed a committee from the Modern Woodmen society to confer with the committees appointed by the other fraternal lodges to arrange for a union memorial day service in June.

There will be a special meeting of the Modern Woodmen at their hall tomorrow night at 8 o'clock, to complete arrangements for attending the funeral of McClelland McDaniel of Arlington, Sunday, at the Christian church in that place at 2:30 p. m. All who intend to go are requested to meet at the hall at 1:30 p. m. Sunday so as to take the T. & C. car.

### LET US SHOW YOU NO-RIM-CUT TIRES

You are undoubtedly convinced that you should use No-Rim-Cut tires. Every motorist has read about No-Rim-Cut tires again and again in the magazines and newspapers. You have read how the 10 per cent oversize and No-Rim-Cut features cut tire bills in two. You have wanted these tires. They are here now. Let us show you.

### NO-RIM-CUT FEATURE

No-Rim-Cut tires have six tapes of 126 braided wires in the base, making the tire absolutely unstretchable. Nothing can force the tire out of the rim channel. A hooked base is not necessary to hold the No-Rim-Cut tire on. The hooked side of the rings are turned away from the tire. Then the tire, when deflated, rests on the rounded side of the rings. Rim-Cutting is impossible.

### GOOD YEAR

#### 10 PER CENT OVERSIZE

When a car is overloaded the tires get the extra strain. That hastens breakdowns—means blowouts. No-Rim-Cut tires are made 10 per cent oversize to provide for overload. The construction allows that 10 per cent more air—10 per cent more carrying capacity. That oversize saves all that overloading costs.

Consider these features and what they mean to the motorist:

No-Rim-Cut tires cost no more than standard clincher tires. Why shouldn't you adopt No-Rim-Cut tires? Come and see them and you will.

## OLIVER CULTIVATORS

Absolute and distinct advantages over other implements are what count, and the following are to be found in the Ohio Cultivator.

- The work is done perfectly, because of the parallel gangs, always held a uniform distance apart, always maintaining full depth and never shirking when going through hard ground.
- This good work is done with the greatest ease by the operator, because of the power lift for the gangs, provided by draft of team, and the pivotal seat bar guide which shifts the gangs, besides pivoting the pole to guide the machine. The Oliver is absolutely the easiest to guide of any cultivator invented.
- It is easy on the team, because of perfect draft lines—therefore no neck weight or neck draft. Light to draw, because of short frame, and otherwise novel construction.
- Automatic Balance Frame. The movement of one lever assisted by the team raises and lowers both gangs, and at the same time balances the frame.
- For narrow rows, the wheels can be set 32 inches between the tires and still give ample room for guiding where planting is done badly out of check.
- As a hard ground cultivator it has no equal. There are no springs or high hitch to draw the shovels out of the ground, which are, therefore, always hungry for their work.
- It is a profitable cultivator for the farmer, as it does not wear out easily, never breaks, saves time and manual labor, and does faster and better work than is possible with any other.

TAFT STANDING ON HIS RECORD

This is the Burden of His Appeal to Jerseyites.

STRAIN OF CONTEST IS TELLING

The President's Friends Say That the Character of the Present Campaign Weighs More Heavily on His Spirits Than His Own Political Fortunes, the Feeling That Official Dignity is Being Lowered Galling to His Soul.

Trenton, N. J., May 24.—President Taft opened his campaign for New Jersey's twenty-eight delegates to the Chicago convention before a crowd of 5,000 at Camden, talked before another big audience at Burlington, and then jumped to Trenton, where he made his appeal to an audience that filled the big armory. It was estimated that 8,000 persons listened to the president here and many were turned away.

In all his speeches the president continued to ask for support solely on the record of the administration and the danger to constitutional government lurking in the Roosevelt candidacy. As in Massachusetts, Maryland and Ohio, he gave specific instances of how Roosevelt had misrepresented his written and spoken words, but his criticism of the colonel was noticeably less personal than it was in the Ohio fight.

While the president's friends speak in the highest terms of the courage and cheerfulness shown by him in the face of most discouraging developments, those who have followed Mr. Taft in his pre-convention campaign could not help noticing that the strain of the contest is beginning to tell on him. The president spoke with less vigor than he did in the fight in his home state, and he seemed at times to be dispirited. His friends say that the character of the present campaign weighs more heavily on his spirits than his own political fortunes. The necessity that has compelled Mr. Taft to break the tradition of more than a century and trail the dignity of the presidency through a stumping tour is what grieves Mr. Taft most.

To his admirers, however, the president still expresses confidence in the outcome of the Chicago convention and insists on carrying the fight to the end. He is even considering the advisability of going to South Dakota after the New Jersey fight and contesting the ground there with Roosevelt and La Follette. While the president had good crowds at all stops, the enthusiasm was only moderate.

**THE COLONEL HAPPY**

Former President Creates Enthusiasm in New Jersey.

Newark, N. J., May 24.—When he opened up his fight to win this state in a flying automobile dash through territory comprising more than half the population of the state, New Jersey took up the enthusiasm that has been rolling along with Theodore Roosevelt in his western campaigns. The colonel's Jersey campaign opened with a boom at Paterson, where a throng of mill workers and laboring men roared for him in the armory. At night a rollicking, merry-making, happy crowd of Roosevelt fans packed themselves standing, into the Essex troop armory at Newark and fairly sizzled with life and red-hot enthusiasm for the colonel.

Ohio had fanned New Jersey's Roosevelt sentiment into a flame. All the colonel had to do was to mention Ohio and his crowds wouldn't stop cheering.

"What's the matter with Ohio?" a deep-lunged rooster shouted at him in Newark.

"The 'impulsive judgment' of the people of Ohio was all right," shouted back the colonel in his most humorous and happy squeak. "Everybody's all right," he shot out. "Everybody's doin' it now," the gallery god yelled back, and the big throng went into an uproar.

The colonel was as happy as a boy in his first day's reception. "I thought I'd had a middling lively time in the west, but 'pon my word New Jersey beats 'em all," he called out to the Newark armory full of roysterers, boiling over with Roosevelt whoop-it-up spirit, after he had been able to make himself heard. "They've kept me going it hard."

"You've got the other fellows going, though," came back from the crowd, "and don't you worry about New Jersey."

"Friends," and the colonel tossed back his head, threw out his chest and raised his arms. "I'm not worrying about anything. My enemies cannot get me going." He grinned and the audience set up a roar of laughter.

This was something of the spirit of the day—crowds caught by the magnetism and enthusiasm of the colonel, ready to hail a man that had been winning all along the line in a smashing fight. Their spirit was lively. They were in gay humor full of vim and ginger and ready almost to approve the colonel's every utterance.

## ALL READY FOR OPENING GAME

Local Team Will Present Strong Line-up Against Connersville Sunday—Yazel Will Pitch.

GRAND STAND IS COMPLETED

South Main Street Grounds Looks Like a "Regular" Ball Field With All Improvements.

The Rushville ball team is ready for the game Sunday with the Connersville Grays. "Pig" Yazel will pitch the game with "Hop" Spaey behind the bat. The fence which will enclose the field is now completed. The fence was placed next to the road and there is no chance of seeing the game from this favorite spot. From now on it will be a case of go in the main gate. Work on the grand stand was started yesterday and it will be completed in time for the opener.

Manager Maibaugh has signed a first baseman, who should add strength to the line-up. He is C. J. Heyl of Shelbyville. Heyl is said to be a natural first baseman and is considered a find. John Geraghty has caught the base ball fever and was out yesterday practicing. It may be he will be in the line up Sunday. Don Cassidy was also out yesterday for the first time. With Geraghty, Waybright and Miller in the outfield it will take a lot of scouting to find a better combination.

The following from the Connersville News will be of interest to local fans:

After all Connersville is to be represented with a baseball club this season. It has looked for some time as though the summer would pass without an effort being made to give local fans a glimpse at their favorite sport. Guy LaRue, who has been the head of many past successful enterprises refused to have anything to do with organizing a club this year and the matter has been allowed to drift for some time.

Now comes the announcement from Herbert Toole, who has had past baseball experience in the managerial role, that he has effected the organization of a club, composed wholly of local players and will have his team in the field in a short time. The players have all been selected and the first game will be played with the Rushville club at Rushville.

The players are Dade Clark, Ray Hollowell, Charles Thomas, Ernest Caldwell, Earl Sample, Robert Klenek, Clarence Bullard, Carl and Steve Caldwell, Thomas Klenek, Clark and one of the Caldwell boys are all well known players and have been associated with former Connersville clubs. The entire galaxy is composed of young men who should give a good account of themselves on the diamond.

The club will play all local games at Whitewater park, but the date for the first game has not been set. The team will endeavor to play only clubs of neighboring cities.

Morristown Misses Resolve to Walk to Arlington and Back.

Seven Morristown girls have formed a hiking club. Their first hike, made a few days ago, was very enjoyable, that is the going, but they took the I. & C. car to return. The next trip will be made to Arlington, and the girls are determined to walk there and back. The club members are Beulah Clark, Fannie Nichols, Lydia Spurrier, Louise Gottlieb, Flora Zimmerman, Ruth and May Joyce.

Carthage Citizen: Relatives here have received word of the critical illness of George Sharer at Roswell, New Mexico. If conditions permit he will be brought to the home of his sister, Mrs. Wm. Young at Rushville. Bert Sharer will accompany the family.

## AUTOMOBILE GOES OVER EMBANKMENT

St. Paul and Waldron Bank Cashiers Are Injured in Accident Near Aurora.

OTHER OCCUPANT ESCAPES

Walter Hungerford, the well known cashier of the bank at St. Paul and Frank Raymond, cashier of the bank at Waldron, were both injured in an accident occurring between Rising Sun and Aurora Wednesday, the latter very seriously, says the Shelbyville Republican.

The two men had been attending a meeting of the State Bankers' Association being held this week at Rising Sun. They were making a trip from Rising Sun to Aurora when the machine in which they were riding with a third man and a driver went over a high embankment and falling to the bottom, a distance of several feet.

The machine, in its downward course turned over twice and when it struck the bottom it was all torn to pieces. Raymond, the driver and the other man were nearly killed, but Hungerford escaped with a few slight bruises and severe sprains.

## PUT STOP TO OILING BRICK

Initial Job in Connersville Was Never Completed.

C. E. Davis, the "white oil man," who was turned down by the local council Tuesday night when he asked permission to oil a section of the brick streets for demonstrating purposes received a jolt the next day in Connersville. The oil was placed on one of the brick streets there before the police interfered. The fire department was called and the stuff was washed into the gutters. Mr. Davis claimed he had the consent of the Connersville council which is more than he got here.

The funeral services of Frank Lloyd were held this afternoon at the late residence in North Oliver street. Burial took place in East Hill cemetery.
